

## Waa maxay 'coronavirus'?

Coronavirus wuxuu u horseedi karaa qabow aad u daran oo ilaa oof-wareen ka aadanaha ku dhaca (SARS-CoV-2 = fayruus, COVID-19 = cudur).

## Taxaddar:

- Si joogto ah gacmahaaga oo gu maydh saabuun ugu yaraan 20 ilbiriqsi.
- Ha ku quficin ama ha ku hindhisin calaacasha gacantaada; istiraasho ku dabool afkaaga iyo sankaga
- Ka fogow ugu yaraan 1 ilaa 2 mitir qofka looga shakiyey cudurka.

## Goormaa kiiska laga shakisan yahay?

14 maalmood kahor inta astaamuhu muuqan

### midkoodna

xiriir dhow oo lala yeesho kiis la xaqiijiyay ama laga shakisan yahay oo COVID-19 ah

ama

Joogtay aagga khatarta ah halka laga filayo in uu SARS-CoV-2 ku faafay?

Waxaad aagagga ka heli kartaa goobaha halista ah adigoo booqanayaa marrinka soo socda:

<https://www.sozialministerium.at/Themen/Gesundheit/Uebertragbare-Krankheiten/Infektionskrankheiten-A-Z/Neuartiges-Coronavirus.html>

## IYO

Miyaad leedahay calaamadaha caabuqa neefsashada oo daran (soo bixida deg-degga ah ee ugu yaraan mid ka mid ah astaamaha soo socda: **qufac, qandho, neefta oo yarada**)?

## Maxaa la sameeyaa haddii laga shakiyo?

Haddii labada shuruudood (goob khatar ah / qaadiinta iyo astaamaha) la buuxiyo, guriga iska joog oo wac

**Khadka talobixinta caafimaadka -1450.**

Waxay isku dubaridayaan nidaamka dheeriga ah.

Si joogto ah gacmahaaga ugu dhaq saabuun.

Dabool afkaaga iyo sankaaaga markii aad hindhisayso ama aad qufacayso.

Iska ilaali inaad la xiriirto dadka qaba calaamadaha qufaca haddii ay suurtagal tahay.

La xiriir **HOTLINE 1450** haddii aad qandho ama qufac leedahay oo aad ka soo laabatay mid ka mid ah goobaha halista ah wax ka yar 14 maalmood ka hor.
